

**Welcome from Magic Fishing Adventures!**

**Weekly Fishing Report 10/26/2011**

Ahead of this week's cold front, anglers aboard the **Magic** found Spanish mackerel and little tunny feeding like crazy. However, once the cold windy weather blew into town, the bite came to a screeching halt. Now that Mother Nature has returned us to the warm sunny days we're so accustomed to enjoying this time of the year, we're back to catching redfish, snook, flounder, trout and much more. The bite is on!

My catch-of-the-week photo...

Tight Lines,

Captain Alan Routh
