Dr. Beach Rates Siesta Key Beach No. 2 in the Nation

Sarasota, Fla. (June 26, 2009) – Sarasota & Her Islands is home to Dr. Beach's 2009 number two beach in the country as announced, May 22 by Stephen P. Leatherman, a.k.a. Dr. Beach.

Siesta Key beach is located on Florida Gulf's Coast in Sarasota County. It has been selected only second to Hanalei Bay in Hawaii and with just one other beach in Florida making the top 10 list. Dr. Beach bases his selections on 50 criteria.

Dr. Beach's website (www.drbeach.org) stated, "With some of the finest, whitest sand in the world, this [Siesta Key] beach attracts sand collectors from all over. Siesta Beach has clear, warm waters that serve for ideal swimming. The beach is hundreds of yards wide in the shape of a crescent, due to anchoring of onshore rocks to the north and a unique underwater formation of coral rock and caves, providing for great snorkeling and scuba diving. This beach is great for volleyball and other types of recreational fitness."

In addition to the world-renowned beach conditions, Siesta Key offers vacationers luxury and casual accommodations, dining, shopping and recreation. It is just minutes from additional beaches, cultural attractions, entertainment and activities.

"Those of us who have experienced Siesta Key beach for ourselves are not surprised that it was named one of the countries best beaches -- it is after all a stunning coastline," said Sarasota & Her Islands Convention and Visitors Bureau President Virginia Haley. "We are thrilled to be sharing such high accolades with Hanalei Bay and hope that travelers who may find

it impossible to get to Hawaii this year will choose Sarasota and her islands for a similar beach-going experience -- not to mention all that we have to offer beyond the beaches.”

To celebrate the ranking, many Siesta Key hotels and restaurants have announced special deals for vacationers:
